IT English with Kate

CHECKLIST FOR A PERFECT CV IN ENGLISH ✅

1. **Use programs like VistaCreate or Canva to create a good-looking CV. These programs have lovely templates you can use for your CV; just choose the one that fits your requirements. Also, you can use Word or Google Docs.**

2. **Don't use too many fonts or colours for your CV. 1-2 fonts and up to 3 colours would be enough.**

3. **If you want to add a picture to your CV, make sure it looks professional. You should look into the camera. No glasses or hats in the picture. It is better to have no picture on your CV than to have a bad one)**

4. **Write your name and contact details first.**
   In your contact details make sure to include your: email, phone number, location, LinkedIn profile link, and links to your portfolio (Behance, git).

5. **Write a short summary of who you are, how many years of experience you have and what your career goal is).**

   Example: A goal-oriented IT Specialist with 5+ years of experience maintaining in-house IT systems and providing comprehensive customer support. I am leading a team of 5 specialists and improving the performance of the IT department. Seeking to join a big international team and use my expertise to improve processes and performance.

6. **Put your main skills, but do not write too many of them. 5-8 skills would be perfect. If you have a technical role, focus on your hard skills (tools, programming languages, frameworks), but also add a couple of soft skills.**

If your role is not technical - focus on soft skills, but also add a couple of tools you are very good at.

Example:

Skill & Tooling Highlights

- Budget Management (manufacturing)
- Risks Management
- Stakeholders Management
- Requirements Management
- Strong decision maker
- Innovative
- Customer-oriented

7. **Describe your work experience related to the job you are applying for. Start with your most recent job. Describe your position, give the name of your company, and indicate how long you worked there. Then, write about your main responsibilities and list a couple of achievements.**

   Example:
   Work History

   Senior IT Specialist at Global Solutions
   Jan 2018–Present

   Maintained 250+ Windows computers and peripherals, including all configuring and monitoring. Worked with vendors to cut equipment costs by 20%.

8. **Add 1-2 lines about your education. Also, you can include training, certificates and workshops related to the job you are applying for.**

   Example:
   Education
   BSc, Computer Science
   The State University of New York, Queens, NY, 2014.

N.B. If you have no prior work experience, you have to focus on this section of your CV more. Write about your academic achievements, pet or course project, and give examples of good teamwork and time management. You have to highlight your ability to learn fast and overcome challenges.

9. **Write a couple of sentences about your hobbies and interests. But don't put boring "Reading", "Walking", or "Music" on your CV. Be more specific. Write about your favourite music style or band, favourite literature genre or favourite movie.**

   Example: Member of a Jazz music band.
   Head of a DND club.
   Ran 3 half marathons

10. **Choose an appropriate name for the file. It shall include your name and your job title.**

    Example: Kate- Johnson-Project Manager CV.docx.

11. **Don't write about your driving license (unless you are applying for a driver position), your excellent Microsoft Word skills or that "References are available upon request" - this information is useless and just takes up space.**

12. **Your CV shall be short and informative. One or 2 pages max. Only important information that proves that you are a real professional and you deserve this job!**

Good luck!!!!!
