CV

What's that?

Why do you need it?

Do you have one? When was the last time you updated it?

1. **What information do you include in your CV? Mark these ideas Y (yes), N (no).**

Your age	
Skills	
Hobbies	
Marital status	
Pets	
Email and phone number	
Your professional goal	
Your religion	
A picture with your family	

2. Watch the 1st part of the video (to 00.39). What are the 3 most important things to show on your CV?

How to write a top-notch CV

1)
2)
3)

3. Watch the second part of the video. (From 5.30 to end).

How to write a top-notch CV

Write the examples the expert gives for these terms.

Process	**ex. "attended meetings"**
Gaps in the CV	
Red flags in your CV	
Waste of Ink	

4. Decide if statements are True or False.

1. You need a CV to get you a job.
2. CV stands for "The story of my life".
3. Describe all the processes you've done in your CV.
4. Use long, complicated sentences in your CV.
5. It's not ok to use slang or jargon in your CV.
6. Apply for the job only if you meet all the criteria.
7. You should be honest about the gaps in your CV.

Watch the video again to check.

5. Match the sentences with the same meaning but with different wording.

A	**B**
1. Managed the team who developed an online store.	a) Upgraded PHP CodeIgniter and other frameworks applications to fit adapting client needs.
2. Created a tool that automates testing.	b) Managed to improve performance, reporting and test coverage by integrating the Zephyr tool into the project.
3. Introduced a performance review process in the team.	c) Designed and developed 2 IOS apps that were downloaded over 100K times within the first two weeks after publishing.

4. Started to use Zephyr on a project.	d) Spearheaded transition from the LAMP stack to MEAN stack, reducing latency by 40% and increasing database admin effectiveness by 20%.
5. Was responsible for PHP CodeIgniter update.	e) Developed a test automation tool that reduced testing time by 55%.
6. Proposed to change the stack from LAMP to MEAN.	f) Managed the development of an e-commerce website at 15% less cost than budgeted and 3 weeks ahead of schedule.
7. Developed 2 cool IOS applications.	g) Increased motivation and performance of the QA engineer team by setting up personal goals and annual performance reviews.

1-
2-
3-
4-
5-
6-
7-

Which column A or B shows phrases appropriate for a top-notch CV?
Underline action verbs in both columns of the table.

ex. Developed 2 cool IOS applications

Grammar note!
Use Past Simple to about your past experience and achievements and Present Simple to talk about your current job and responsibilities!

ex. Introduced a performance review process in the team (past simple)
I am responsible for hiring and onboarding new employees. (Present Simple), you talk about your current job.

6. Match the words with definitions.

1. to upgrade	**a) to make something better**
2. to improve	**b) to make something more modern, and up to date**
3. to spearhead	**c) earlier than needed**
4. to integrate	**d) to lead**
5. ahead of schedule	**e) to make a part of smth**

7. Look at the CV below. Does it look good to you?

Does she have: achievements, responsibilities and "nice to have around" parts? ↓

Jannet Morgan

IT Specialist
